Basketball Australia

I am pleased to let you know that there was a second meeting of the National Scoretable Committee in Canberra in conjunction with the Under 20's. As a result of that meeting I have made a start on updating all the course content and workshop questions and exams with the aim to have National Training materials and consistency in grading of officials.

The meeting also discussed a Level 0 to put online which will be described as a "Survival Kit for Parents" what to do when you didn't leave quick enough!! The next step is a smaller group will meet with BA's IT people to develop this. In the meantime Basketball NSW has done something on You Tube that you can tell parents about.

Cards

I finally did get some new cards printed thanks to BWA. I have even completed them and have started distributing them when I see people. I will have them at the Co-ordinators update and the Blitz so please say hello and get your card. If I don't see you I will give them to your stadium co-ordinator or put them in the post.

Did you know?

We celebrated 30 years of the SBL in 2019.

Some of us were there at the start. Can you guess who was scoring for an SBL Club in 1989 and still active in 2019?

There have been many families involved with various roles in the SBL. Some families have been involved with scoring and contributed many years of service. Can you guess the number of years in total that families have contributed-parent(s) plus at least one child?

The most by one family is 101 years-**Amazing**

Total 507 years

Scoring is also something that parents have become involved in as their children went from juniors to seniors and sometimes continued even after they finished playing. Can you guess the number of years in total that parents have contributed-both parents?

The most by one couple is 53 years-**Amazing**

Total 261 years
